To whom it may concern:

It is with pleasure I write this letter of recommendation for Marco Cilia. He has been an efficient trainee for the position as architect / engineer at the office of AAArchitects in The Hague – The Netherlands from 17-03-2016 until 14-06-2016.

During his tenure at our office mr Cilia has worked on several of our projects. During that time I have found him to be a reliable, hardworking and creative colleague.

In summary, he has demonstrated the ability to work independently and in a team with great creativity and enthusiasm. Mr Cilia is able to produce a consistent high standard of work under high pressure and can also handle deadlines.
